Native Village of Eyak Families -

December 2016

Within the Native Village of Eyak we have a varied group of artists and masters of subsistence arts. One of the important goals for the cultural center is to not only sell locally made items, but we are also here to facilitate native art classes. We are looking at creating a list of who our artists are and what they may feel comfortable teaching. There is a need for not only artist instruction, but subsistence instruction as well. Please take a moment to fill out the bottom of this paper and return it so we can have an updated list of our instructors.

- Fur Sewing
- Beading
- Coil Basket Weaving
- Spruce Root Weaving
